Ohio’s highways are essential to keeping and creating new jobs. With a mission to provide easy movement of people and goods from place to place, the Ohio Department of Transportation (ODOT) is responsible for maintaining one of the largest transportation networks in the nation. Guided by ethical principles and accountability, ODOT works to improve safety, enhance travel and advance economic development.

The following summary outlines those projects which are currently under construction or programmed for the 2020 construction season in ODOT District 8. With an estimated funding commitment of more than $430 million in construction costs, District 8’s construction program will consist of 78 new and ongoing preservation, maintenance and safety improvement projects to be sold and/or constructed through FY2020 and the first quarter of FY2021.

Due to production and planning variables, however, not all projects may be sold as proposed, and projects are subject to funding availability. Any cost estimates, sale dates or schedules cited in this document are subject to change, and estimated costs are the construction cost estimates established by District 8’s Planning & Design staff prior to bid letting; these do not include any preliminary engineering or right of way acquisition costs as applicable to the project. Projects listed as Local-Let are those which are being administered by the Department of Transportation; additional information about these and other local projects can be obtained from the respective sponsoring agency.

Additional information about these projects will be released as they are scheduled or awarded. For more information, please contact District 8’s Public Information Office by phone at 513-933-6517 or 513-933-6534 or via email to D08.PIO@dot.ohio.gov. You may also visit ODOT online at www.transportation.ohio.gov, and follow District 8 on Facebook, Twitter, Instagram and NextDoor.

2020 CONSTRUCTION HIGHLIGHTS

MAJOR INTERSTATE CONSTRUCTION PROJECTS

I-71 - HAMILTON COUNTY

PROJECT DESCRIPTION: Repaving of approximately 5.5 miles on I-71 and bridge deck replacement of Stewart Road bridge and rehab of other bridges from north of S.R. 562/Norwood Lateral to S.R. 126/Ronald Reagan Cross County Highway. Also includes widening to three continuous through lanes between the Norwood Lateral interchange and Red Bank Expressway, removing the northbound Ridge Road exit and adding a NB I-71 exit to Kennedy Avenue.

OVERALL SCHEDULE: Spring 2018 – Summer 2021

CONSTRUCTION COST: $36 million

I-75/THRU THE VALLEY - HAMILTON COUNTY

PROJECT DESCRIPTION: Phase 1: I-75 widening and resurfacing between Shepherd Avenue and Glendale-Milford Road. Construction includes the redesign of the Shepherd interchange, removing the collector distributor system, and improving the Glendale-Milford interchange. Phase 2: Construct local connection between Shepherd and Glendale-Milford thru the General Electric site.

OVERALL SCHEDULE: Spring 2017 – Fall 2020

CONSTRUCTION COST: $96 million

I-75/MILL CREEK EXPRESSWAY - HAMILTON COUNTY

PROJECT DESCRIPTION: Widening I-75 to four lanes between Monmouth Street and Clifton Avenue, connecting the improvements from Hopple and Mitchell projects. Additional improvements to the connection of eastbound I-74 to I-75.

OVERALL SCHEDULE: Fall 2018 – Fall 2022

CONSTRUCTION COST: $87 million

I-675 - GREENE COUNTY

PROJECT DESCRIPTION: Pavement repair and resurfacing on I-675, from the Montgomery County line to near North Fairfield Road. Project also includes bridge overlays, approach slabs and joint repairs on the mainline and overhead bridges.

OVERALL SCHEDULE: Spring 2020 – Summer 2022

CONSTRUCTION COST: $26.1 million
2020 CONSTRUCTION HIGHLIGHTS

MAJOR INTERSTATE CONSTRUCTION PROJECTS

I-70 - PREBLE COUNTY

PROJECT DESCRIPTION: Pavement repair, bridge rehabilitations and resurfacing of I-70 from the Indiana State line to the Montgomery County line. Construction will also include paving work in both the rest area and the weigh station.

OVERALL SCHEDULE: Summer 2020 – Summer 2022
CONSTRUCTION COST: $28.2 million

I-75/THRU THE VALLEY - HAMILTON COUNTY

PROJECT DESCRIPTION: Phase 8 of this multi-phase project includes widening for a fourth lane on I-75 in both directions and auxiliary lanes from Sharon Road to Glendale-Milford Road and from Sharon Road to I-275. Work includes improving the capacity at the Sharon Road interchange and the intersection of E. Sharon Road/Chester Road.

OVERALL SCHEDULE: Spring 2021 – Summer 2023
CONSTRUCTION COST: $40 million

I-74/MILL CREEK EXPRESSWAY - HAMILTON COUNTY

PROJECT DESCRIPTION: Phase 5B of the I-75/Mill Creek Expressway project, addressing work on I-74 as part of the I-74/75 interchange reconstruction. Construction will also improve the ramps from I-75 to I-74 West.

OVERALL SCHEDULE: Spring 2021 – Summer 2024
CONSTRUCTION COST: $93 million
BUTLER-73: A safety improvement project to construct a roundabout at the intersection of S.R. 73 and C.R. 24 (Jacksonburg Road), just west of Trenton. Construction will kick off in the summer of 2020, and the project will be completed in 2021. Estimated cost: $3 million.

GREENE-42: Construction of a roundabout at the intersection of U.S. 42 (N. Columbus Street) and E. Church Street in Xenia. The project also includes constructing pedestrian facilities along with curb, gutter and storm sewer system upgrades. Preliminary site work began in the fall of 2019, and the project is scheduled for completion during the 2020 construction season. Estimated cost: $990,000.

GREENE-42: Construction of a Restricted Crossing U-Turn (RCUT) intersection on U.S. 42 at C.R. 75 (Spring Valley-Paintersville Road). The project will include pavement widening to construct a legal U-turn intersection just north of the existing intersection and eliminate the at-grade crossing. Following site clearing in the spring, construction will begin in the summer and be completed in late fall 2020. Estimated cost: $1.8 million.

GREENE-35: Construction of a signalized superstreet on U.S. 35 between Orchard Lane and Factory Road in Beavercreek. In addition to roadway and bridge improvements, the project will include building signalized intersections at both locations to provide for legal U-turn movements and eliminate the at-grade crossing intersections, similar to that of an RCUT. Preliminary site work began in Summer 2019, and the project is scheduled for completion in 2022. Estimated cost: $14.9 million.

OUR MISSION

To provide safe and easy movement of people and goods from place to place, we will:
- Improve safety;
- Take care of what we have;
- Make our system better;
- Enhance capacity.

OUR VISION

A long-term, reliable, professional and highly productive organization.

OUR GUIDING PRINCIPLES

- We will serve, innovate, and communicate with purpose.
- We will be productive, lean, efficient and effective.
- We will utilize the public resources entrusted to us by satisfying the State’s transportation needs.
- We will be the standard of excellence for winter maintenance.
- We will create a working environment based on trust and mutual respect.
- We will value the diversity of all ODOT people.
- We will work together — one team: the Ohio Department of Transportation.
